Madison, WI 53705

Dear Mr. Trujillo

Wisconsin Student Government (WSG) recommends that the Wisconsin Technical College System Tuition Work Group support and advocate for a tuition increase that does not exceed 1.5%.

WSG's recommendation is the direct result of a vote in favor of a tuition increase that does not exceed 1.5%. Our member colleges had a productive discussion about the necessity of a tuition increase but wanted an increase that would not be a financial barrier for students.

I hope this information is beneficial to you.

Feel free to contact me at 608-658-3109 or by email at [kwillis2@madisoncollege.edu](mailto:kwillis2@madisoncollege.edu) if you have questions or require additional information.

Thank you so much.

Have a spectacular day.

Sincerely,

Katrina V Willis
